SUMMARY

A senior developer keen on web technologies with more than 15 years of experience, I still believe the best in my career is yet to come. I am looking for new opportunities to satisfy my eagerness on learning and exploring new technologies. My professional background includes valuable experience as a member from small to enterprise teams to a freelancer. I have delivered quality web solutions to one of the most visited adult websites worldwide RedTube; the third biggest car shipping company in U.S. Montway Inc; some huge entertainment and retail companies like Disney and Walmart. I have gained solid hand-on experience working as a PHP, JavaScript, and Salesforce developer.

EXPERIENCE

Senior PHP/react.js Developer
Square Facts

02/2022 – Ongoing
Sofia, Bulgaria /**Working fully remote**/

Square Facts is the Risk and Compliance division of iCOVER, a subsidiary of ICE Group. Square Facts combines a unique human intelligence and subject matter expertise with a state-of-the-art technology and an API-enabled platform.

- Developed REST APIs using node.js and PHP (Symfony 5)
- Worked on a transition from monolith architecture to microservices
- Unit testing
- API and project documentation
- Frontend development using next.js/react.js
